Polls Issued Show Increase Over Last Year

A total of 1,991 poll tax recepits were issued by the City at the close of business Thursday, January 31, deadline for securing poll tax receipts. According to City Secretary G. Frank Wolford, this is 198 polls over the number issued last year.

Mr. Wolford also reports about 92 percent of all taxes were collected in January, which is only one and a half percent short of the total tax collections for last year.

Taxpaying lagged for the first few weeks, but this week picked up considerably remaining steady the past few days. Mr. Wolford states that everything went off smoothly and the staff of office employes were able to keep up with their work in issuing the receipts. The office remained open until about 8 o'clock.

The County Tax Assessor-Collector's office was also a busy place all day Thursday, with 1,143 polls issued the closing day. Mrs. Doyle Nelson, states that final figures will be announced as soon as all mail has been worked and the Plano sub-station sends in the report from there. All mail postparked prior to the dealine, Thursday night, will be credited without penalty. The office closed about 10 o'clock Thursday night.

Mrs. Nelson states that Friday was the first day to buy 1957 auto tags, and the office was quite busy. Motorists have until midnight, March 31 to secure their license plates. Odell Bilderback is the deputy in charge of this division of the tax office, however four windows are open to issue the tags.

Again Mrs. Nelson urges car owners to get their numbers as soon as possible and avoid the usual last minute rush. She also reminds them that registration receipts must be presented to secure the new plates.

Collin Goes Over The Top For Hungarian Relief

A total of $1,214.24 has been contributed by citizens of Collin County for American Red Cross Emergency Hungarian Relief Campaign, according to a report released by Leroy G. Richardson, Chairman of the Collin County Chapter.

Mr. Richardson again expresses thanks to each individual for the response accorded this appeal. Collin County had a goal of $809.00 which means that citizens oversubscribed the goal by $405. Following is the completed list of contributors received in the chapter office since December 22, 1956:

Princeton, Texas.
Forest Grove, Texas.
Westminster, Texas.
Mrs. Henry C. Barlow, Prosper, Texas.
J. S. Shelby, Plano, Texas.

March Of Dimes Nets $275 In Porch Calls

On Thursday night, January 31, from 7-8 p.m., the Future Farmers of America boys and the Future Homemakers of America girls called on each home where the porch light was burning and a total of $275 was collected in this drive for the March of Dimes.

Under the direction of E. A. Randles, R. J. Smith, Mrs. George McCoy, and Miss Susie Carlisle, the city was divided into zones and assigned to the students. The wet weather let up just enough for the calls to be made without sleet or ice to make the roads hazardous and the job was quickly done. The collection from the porch calls was very gratifying to the March of Dimes 1957 Campaign Chairman, O. Ed Smith, Jr., and he sincerely thanks the teachers and students of Boyd High, in the name of the March of Dimes organizations, for the splendid job done and for the time and effort put forth by each one to make this project a success. The FFA and FHA organizations fully live up to their purpose of community service.

Because the 1957 campaign did not get under way until half the month of January was gone, and because a Campaign Chairman was not selected until well into the month, this year's March of Dimes may fall beneath the quota set for Collin county. Ed Smith asks that each resident of the city who has not been contacted or had a chance to contribute, but who wishes to do so, please mail a check to March of Dimes, Box 137, McKinney, Texas, or bring the contribution by the office in the Dale Thurman Building, 313 North Tennessee, or call LI 2-4132 and a caller will come by and pick up the contribution.

The porch light calls were not sufficiently adverised and many people were away from home or forgot to turn on the light. These people may still get in their contributions by contacting Mr. Smith by mail or by phone. A large number of personal checks have been sent within the last few days to the March of Dimes, and these donations will go a long way toward bringing the county and McKinney closer to the quota.

Since the National Foundation representatives in Dallas recognized the fact that Collin county's campaign was late in getting under way, and that a month's work had to be crowded into two weeks, Mr. Smith was advised that he might work into the first week in February to finish up any projects which may have started late. The Iron Lung containers, distributed around town, consequently will be left out a few more days into this month. These last minute contributions will be a big help in bringing the 1957 campaign closer to the goal, and arrangements have been made for next year's drive to start right on the dot and be well planned in advance. Mr. Smith again thanks the FFA and FHA and all those who have helped to put over the March of Dimes this year.

School And Shop At Blue Ridge Are Burglarized

The school and shop at Blue Ridge were burglarized Monday night according to reports from the Sheriff's office. Deputies Jim Stzanderfer and Robert Ramsey were in Blue Ridge Tuesday investigating the burglary in which two 6.50 by 15 used tires; about five cresent wrenches and some $10 in cash from vending machines were reported stolen. Locks on doors to both buildings were broken to gain entrance.

Tuesday afternoon Deputy Standerfer was called to the Frank Oannell residence, five miles Northwest of Plano, to investigate a house burglary. A glass window had been broken through which the burglar entered the house. A .22 pistol and .410 shotgun were missing.

Sheriff Floyd Williams was in Fort Worth Tuesday on official business and on Wednesday went to Sherman after a prisoner.

Mr. and Mrs. Martin Greenwood of Farmersville, lunched at Town House in McKinney Sunday and later visited Mr. Alvin Best, who is a patient in the VA Hospital in McKinney.

CC Banquet Is Set For February 12

★ ★ ★

One of McKinney's own native sons, who has achieved remarkable success in the business world, will be the principal speaker at the annual Chamber of Commerce banquet here on Tuesday evening, February 12. Leonard M. Green, president of the Dr. Pepper Company in Dallas, and one of the outstanding civic and business leaders of that North Texas metropolis, will be the speaker.

The annual banquet will be held at the First Christian Church beginning promptly at 7 o'clock, according to President A. H. Witherspoon. Tickets to the affair have practically all been sold, and it is expected that this will be one of the best membership meetings ever held by the local organization.

Many features have been planned for the two-hour entertainment including dinner, election of directors and officers for the new fiscal year, awarding of a bronze plaque to the person or group for outstanding community service the past year, and address by the guest speaker.

Dinner music will be presented by J. H. Young of Ferrell, organist, followed by special music by Mrs. Carolyn Mathews, marimbophonist.

Mr. Green's acceptance of the invitation to speak at this occasion, has created much enthusiasm among his host of boyhood friends in the city, where he "grew up" and attended public school. He was born in Collin County, the son of Mrs. John W. Green and the late Mr. Green, and is a graduate of Boyd High School.

He later attended Baylor University at Waco, where he received a B.A. Degree in 1930. He joined the Dr. Pepper Company in September 1947, after a 17-year tenure with The Texas Company, where he held several positions including division manager and assistant manager of the company. He was named vice president in charge of company-owned plants at Dr. Pepper Company in September 1947, was elected a director and executive vice president in May, 1949, and became president of the company in March, 1950.

Green is vice president of the Dallas Chamber of Commerce, and a member of the Cotton Bowl Athletic Association, having been chairman of the board in 1953 and president in 1951. He is also a member of the Board of Trustees of Baylor University and past president of the Dallas Salesmanship Club. He is a member of the board of directors of the Greater Dallas Planning Council, Trinity River Authority, Dallas Council on World Affairs; past president of the Dallas County Chapter American Red Cross, and in 1953 was recipient of the Salesman-of-the-Year award from the Dallas Sales Executive Club. He has also had numerous other honors during his residence in Dallas.

Mr. and Mrs. Green and their son, John Tatum Green, reside at 5505 Watcka Drive, Dallas.

County Attorney Raids Local Club Saturday

County Attorney Dwight Whitwell, his assistant T. E. Williams and special investigator, Frank Haddix raided a local club Saturday afternoon at 2 o'clock. According to Mr. Whitwell, 13 cases of beer were confiscated. They also reported finding 125 cases of empty beer cans, a barrel of empty beer bottles, stacked in the building, and took pictures of ten men sitting at tables, drinking beer.

The County Attorney reported that an injunction suit was being prepared Monday to be filed against the club and also a criminal complaint against the house manager for maintaining a liquor nuisance.

Activities Of Local Officers Are Reported

City police arrested one person for drunkenness Monday night, while Deputies Vaughn and Mahan of the Sheriff's department picked up two men in Farmersville, being held here for investigation.

Chief Euel Ford and Sheriff Floyd Williams made a business trip to Sherman Tuesday morning, and report other activities in their respective departments as routine.

There were 17 prisoners in the county jail Tuesday morning.

Mrs. Cleve James of Longview, is a guest in the home of her daughter, Mrs. Tom W. Perkins Jr. and family.

ScoutRoundtable Thursday Night At West Ward

L. E. Powers, district commissioner, North Star District, Boy Scouts of America, has announced a Roundtable for Scouts to be held at the West Ward Elementary School in McKinney Thursday evening, February 7, at 7 p. m.

The theme for Cubs will be "Indian Trails" while the Scout theme has been announced as "Advancement."

West Ward Cub Pack 291 and the school P-TA will serve as hosts for the evening.

Boy Scout Week Marks 47th Anniversary

Boy Scout Week, marking the 47th anniversary of the Boy Scouts of America, will be observed from Wednesday, February 6 through Tuesday, February 12. It is the largest youth observance in the nation since it will be celebrated in every city and town and most villages and hamlets throughout the nation by 4,500,000 boys and adult leaders.

Twelve outstanding Explorers, older boy members of the organization, will be chosen to go to Washington, D.C., to make the annual "Report to the Nation." They will call at the White House.

Federal officials, including leaders from the House and Senate, will join with representatives of national organizations at a breakfast in Washington, D.C., at which the twelve Explorers will report on Scouting's accomplishments for 1956 and tell of the activities planned for this year, including the Fourth National Jamboree to be held next July 12 to 18 at historic Valley Forge, Pennsylvania.

Other outstanding Explorers, together with Cub Scouts, Boy Scouts, and adult leaders, will participate in ceremonies at state capitals and at city hall and town observances.

Boy Scout Week this year sees the production of the fifteen millionth copy of the "Handbook for Boys." Especially bound, it will be presented to President Eisenhower who is Honorary President of the Boy Scouts of America.

A limited number of handbooks in this printing will have a distinctive and decorative four-page inset commemorating this landmark in the publishing of a book which has enjoyed sales second only to the Holy Bible in the years since 1910 when it was first published. It is this volume that introduced millions of boys to their first knowledge of nature lore, first aid, proper honors for the United States Flag, and a wide range of "know how" supplementing school courses.

Every governor is to be presented a copy of the limited edition, and in some communities it is planned to present copies in recognition of unselfish and dedicated service to the boys of America. Among them will be leaders in government, education, the clergy, sciences, business, industry, civic, and other community organizations.

Boy Scout Week finds the organization completing the first year of its new, Four-Year Program known as "Onward for God and My Country," through which it seeks to train more boys in patriotism and character so that they will become intelligent citizens with an appreciation of the free way of life and a dedication to high spiritual ideals.

The theme emphasis for Boy Scout Week—"Duty to Country" will present opportunities to Scouts and their leaders to highlight the democratic processes of government and their values, and the spirit of service as a natural expression of good citizenship.

Most of the nation's 40,500 Cub packs with 1,680,000 Cub Scouts, will hold "Blue and Gold banquets" which are really potluck dinners with each family bringing a part of the menu. These 8, 9 and 10-year-old members follow a home-centered program in their homes and backyards. They will prepare skits, displays and take on service projects for neighborhood school assemblies and churches.

Most of the 55,500 Boy Scout troops with 1,155,000 members 11, 12 and 13-years-old will recognize individual advancement and achievements at annual parents' and Scouts' dinners. During the month they will mark the 100th anniversary of the birth of the founder of Scouting, the late Lord Robert Baden-Powell, which birthday occurs on February 22.

Explorers in the 15,000 Explorer units and in Explorer crews in troops, with their 465,000 members 14 years and older, will observe Boy Scout Week in many ways. Some will address school assemblies, P-TA meetings, service clubs, and radio and television audiences. Others will be guests on special vocational tours seeing the manufacturing of many products, learning first hand how airports, railroads, newspapers, and broadcasting stations operate.

Mr. and Mrs. A. B. Houser of the Burrow Community have received announcement of the arrival of their first great-granddaughter, born to Mr. and Mrs. Max Holcolm in Fort Worth.

Consolidation Of Celina-Alla Schools Talked

The trustees of the Celina Independent School District and Alla Rural High School district, have held discussions within the past few weeks regarding the consolidation of the two school districts.

A public meeting of residents in the Celina district was held Monday night at the Celina gymnasium, and another meeting has been set for February 14 at Alla for residents in that district.

These meetings are held to get the views of the citizens regarding consolidation of the two district and to explain the benefits of uniting the two districts. The Alla school is located some four miles from Celina.

Under the terms of a tentative agreement between the trustees the high school will be located in the Alla buildings in the event a projected consolidation election is successful.

The election has been announced by County Judge W. E. Button to be held February 28 and will be in both districts.

Consolidation of the two districts could be effected by passage of a separate election in each district which would submit the proposal to the qualified voters of the districts. A majority would have to approve in each district for the measure to carry.

The enrollment in the Celina schools, according to Supt. R. E. Murray, is 191 elementary pupils and 84 in high school. Alla has an enrollment of 72 elementary and 44 high school students. There are 11 classroom teacher units in Celina, plus one homemaking teacher and a Vocational Agriculture teacher.

Supt. Miles Murphy of Alla reports 7 class room teachers, 1 Vocational Agriculture teacher and 1 homemaking teachers.

Consolidation of the two schools would result of 16 class room teacher units, with addition of possibly two others bringing the total to 18.

There one only be one Vocational Agriculture and one homemaking teacher, if the two districts consolidate.

Other benefits of uniting the two districts would mean better educational opportunities for the boys and girls, in that new courses could be added to the school. This would also place the school in a higher bracket and might enable the consolidated school to become a member of the Southern Association of Colleges and Secondary Schools.

The Alla school is the beneficiary of an endowment of the income from about 1,000 acres of land in the Alla community bequeathed by the late Dr. Moses Hubbard, pioneer medical doctor of the community.

Assed taxable valuation of the Celina district for 1956 was $1,280,724.00, while that of the Alla district was $584,480.00.

Negotiations between the two boards have not yet matured to the point where definite proposals can be made to residents of the districts, but the general thought is that a proposal will probably be made which will provide for a part of the system in the buildings at Celina, and a part in the Alla plant. Several alternatives for division of the grades between the two locations are being considered.

New Early-Maturing Grain Sorghum Variety Released. . . . . .

Redbine 58, a new early maturing grain sorghum variety, has been developed by the Texas Agricultural Experiment Station in cooperation with the Midwest Research Institute and Corn Products Refining Company.

Redbine 58 is earlier in maturity than most presently grown combine varieties of grain sorghum. It blooms in 58 days at Lubbock and is 3 to 4 days earlier than Martin and about 2 weeks earlier than Redbine 66. It usually performs better and is a surer crop under dryland planting in areas of low rainfall or in dry years. It is also adapted to higher altitude and latitudes where early maturity is important.

The bright reddish-yellow grain of the new variety is hard like Martin, germinates well, does not weather badly in the field and threshes well. It is higly superior to Combine 7098 in these respects and is a more attractive grain than its Martin parents. Head bearing stems of the variety are long and heads dry early as the grain matures.

In tests, Redbine 58 has produced as much or more grain per acre as other early maturing varieties and coupled with its good combining characteristics, makes it a desirable variety.

Adequate supplies of planting seed for farm use should be available for 1957 plantings since seed were released last spring to certified seed growers.

Good Records Can Save Dollars At Tax Paying Time.

It is usually the small-expense items, especially those paid for in cash, which are overlooked at income tax reporting time, says Cecil Parker, extension farm management specialist. In his work, Parker says he has observed that farmers could save additional tax dollars by learning which of these items are tax dedmuctible and by keeping accurate records of all expenses and receipts regardless of their size.

Parker has further observed that farmers have little trouble keeping records of major transactions for most are paid by check and the cancelled check then becomes a part of the record. Don't overlook the small items, he advises, for they can ammount to a lot of money over a period of a year. They may mclude such items as interest payments, member ship dues in farm organiztions, subscriptions to farm magazines or small fees for services required in connection with the farm business, overnight business trips and losses on household goods and equipment used by hired help.

The specialist suggests that all cancelled checks, receipts and records be kept for at least five years, and that checks be used whenever possible. Extra check fees are well-worth the protection provided by the cancelled check.

Depreciation records should be kept on equipment, improvements and installations and machinery as well as on all purchased breeding aimals.

Those items lose some of their value each year and the loss is deductible for income tax purposes only at the end of the year in which the depreciation occurs.

And finally, Parker suggests a visit with a good farm-income tax consultant. Here advice and suggestions can be secured on all the items which should be included in the far mrecord system and also a listing of the small items which are deductible and most often overlooked.

¾ teaspoon sage
Salt and pepper.
½ cup chopped celery.
1-4 cup chopped onion.
½ cup hot water.

Clean and wash fish; drain well. Cook the onion, green pepper, and celery in the melted butter very slowly until softened. Pour over the bread crumbs and add the sage and seasonings. Rub inside of fish with salt and melted butter or margarine. Place dressing in fish and sew or skewer together with toothpicks. Place in shallow buttered baking dish, add hot water. Bake at 350 degrees F. for 1 1-4 hours.

Thread-Basting Saves Time.

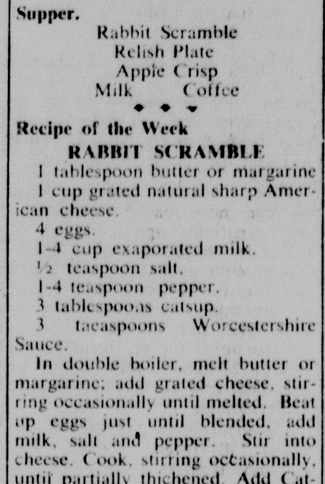
Tests in home clothing construction research show that thread-basting saves time and gives better results than pin-basting in the more difficult sewing jobs.

Stitching over pins takes longer. The machine must be run slowly to avoid blunting or breaking the needle, to kep the stitching even and hold the fabric in place. Stitching over thread-basting is faster and more accurate.

Tests were run on sewing jobs that are usually hard for the homemaker. These jobs represented familiar problems in making clothes at home—such as putting in two types of sleeves, inserting an extension band in a blouse front and applying two kinds of collars.

Percale was used for the work and the sewing was done by a skilled seamstress. Pinning was usually faster than thread-basting. However, in every case the machine stitching took longer on pin-basted than on thread-basted fabric and in almost every case, results were poorer.

Missionaries Of Mormon Church Are Visiting In City



KENNETH MORRISON

LYNN CLAPP

The past two weeks Kenneth Morrison of Kaysville, Utah and Lynn Clapp of Odaho Falls, Ind., have been in McKinney, working as missionaries for the Morman Church. Both men are elders for the church and are visiting in the various homes and places of business, here.

Their mission is to get acquainted with the people and explain their religion. They are giving out literature, and also have a book for sale at 50 cents per volume, but their primary purpose is not the sale of the book.

Elders Morrison and Clapp state that the Mormon's have a church in Sherman located at 1108 South Vaden Street, and also one in Dallas. The church in Dallas is one of the largest of its kind in this area, and is located at 4027 Turtle Creek Blvd.

The young men are participating in a world-wide movement of the Mormon church, and expect to be in McKinney for several days longer.

Former McKinney Pastor Receives BS Degree From NTSC

Reverend Ray Milligan, pastor of the East Baptist Church of Denison, Texas, has received his master of science degree from North Texas State College, climaxing studies in sociology, history and government.

As part of his work toward the master's degree, Mr. Milligan wrote a thesis titled "A Study of A Selected Group of Ministers Concerning Race Relations" which incorporated information from questionnaires mailed to 900 Texas Baptist ministers and other sources.

Mr. Milligan also holds the associate of arts degree from Decatur Baptist College and the bachelor of science degree from Hardin-Simmons University. He expects to receive the bachelor of divinity degree from Southwestern Baptist Theological Seminary in July.

He has pastored the East Baptist Church 2½ years and resides at 428 East Sears Street with his wife, the former Miss Imogene Maxwell of McKinney, and two sons. Mr. Milligan has held pastorates in Collin County. He pastored the First Baptist Church of Prosper and prior to going to Denison was pastor of the Waddill Street Baptist Church of McKinney. The Milligans are listed with the Foreign Mission Board of the Southern Baptist Convention as missionary volunteers to Southeastern Africa.

PROCLAMATION

1957 CHILDREN'S DENTAL HEALTH WEEK FEBRUARY 3-9

Whereas, dental disease, especially tooth decay, effects over 95 per cent of the population; and

Whereas, early preventive measures can save our children from the ravages of this disease; and

Whereas, the dentists of this city have stressed the need for community health programs to make dental care available to all children:

Now, therefore I W. R. (Bill) West Mayor of the city of McKinney do hereby proclaim the week of February 3 through 9 as Children's Dental Health week in McKinney and urge all civic, educational and parent organizations to join in the observance.

In witness whereof, I have hereunto set my hand and caused the seal of the City of McKinney to be affixed this 28 day of Jauary 1957.

W. R. WEST

Mr. and Mrs. Ben Hill Jr. Moran Hill and Mrs. R. F. Newsome visited Monday with Mrs. Ben Hill Sr., who is a patient in Harris Hospital in Fort Worth. The many friends of Mrs. Hill in McKinney wish her a speedy recovery.

White's Stores In Sales Contest Of Olympic Products

The 53 White Stores are competing in a sales contest now, according to Jessie Jay, manager of the store in McKinney.

The contest is for selling Olympic products which include television sets, radios and record players. The contest will end February 28.

Bellard Ellis and family, of Dallas, visited his parents, Mr. and Mrs. Walter Ellis here Sunday.

Prospects Good For This Year's Onion Crop

The 1957 onion crop outlook in South and East Collin County looks bright.

The major cause for the rosy outlook was the prospect for higher prices due to the fact that South Texas growers are reportedly not planting as many acres to onions as usual. The South Texas crop usually has a direct effect on prices in North Texas at harvest time. This year it is estimated that growers in South Texas will plant some 36 per cent fewer acres than last year.

Last year's in Southeast Collin County, although the acreage was below normal, proved profitable to the grower. Yields were cut by harmful effects of drought but prices were excellent with much of the crop bringing $3 to $4 per 50-pound bag. The grade was excellent.

In the Wylie area the crop is usually planted from January 10 to March 1, depending on moisture conditions, and is ready for harvest around June 1. Around 200 cars is considered normal production for the Wylie area. The cold snap of week before last delayed the start of planting, however farmers have been in their fields all this week and a number of acres have been set out, perhaps more than 100.

Onion planting is well underway throughout South and East Collin where the acreage is larger than in other sections of the county. The weather the past week halted some of the planting and other farm work, but much of the acreage has already been planted.

Collin Veterans Service Office In Receipt Of Letter

Frank Davis, Veterans Service Officer of Collin County, is in receipt of the following letter from Charles L. Morris, executive director, at Austin.

"Mr. Frank Davis
Veterans County Service Officer
Collin County
McKinney, Texas.

Dear Mr. Davis:

In compiling our annual report, our attention has been brought to the amount of money paid to veterans and their dependents in your county the past year.

It is interesting to note that from January 1, 1956 through December 31, 1956, a total of $494,240.85, was paid to veterans and their dependents in Collin County.

Please bear in mind that this amount of money only represents the cases where the American Legion or the Veterans Affairs Commission held power of attorney. We do not receive the award sheets on cases that were handled through the Veterans of Foreign Wars, American Red Cross and the Disabled American Veterans.

It is only through the interest and cooperation as evidenced by you that we can carry on a successful veterans program in Texas. It is with this thought in mind that I pay tribute to you for devoting your continuous and untiring efforts to service to veterans and their dependents.

It has been a pleasure to work with you this past year and we are looking forward to our continued association with you during the years to come.

Sincerely yours,
CHARLES L. MORRIS
Executive Director"

Mr. and Mrs. Jess Burton of Corpus Christi are here attending the bedside of her mother, Mrs. Herren, a paient in the City-County Hospital. They are also visiting Mr. Burton's sister, Mrs. Roy Roberts and family, and other relatives.

M. L. Davison Named Division Manager By Telephone Company

MARVIN L. DAVISON

RAY A. ACKER

Marvin L. Davison, a district Manager for Southwestern Bell Telephone Company in San Antonio has been appointed the company's Division Manager for Northeast Texas with headquarters in Dallas. The appointment was announced by General Manager Richard A. Goodson and is effective Feb. 1.

Mr. Davison succeeds Ray A. Acker, who has been appointed the Company's General Commercial Manager for Texas.

Beginning his telephone career in 1946 as a Business Representative in Dallas Mr. Davison has served as a District Manager in Dallas, District Commercial Superintendent in Tyler and District Manager in San Antonio.

The new Division Manager is active in civic affairs, holding memberships in the San Antonio Chamber of Commerce and Rotary Club. He is also chairman of the National Affairs Committee of the Texas Manufacturing Association.

A graduate of North Texas State College at Denton, Mr. Davison served in the navy during World War II and was station at Great Lakes Naval Station. He is married and has two children, Gary Marvin and Betty Jan. His wife is the former Betty Geer, daughter of Mrs. Marguerite Geer of McKinney.

Mr. Acker, who has been the Company's Division Manager for Northeast Texas since 1952, succeeds William L. Lindholm as General Commercial Manager. Mr. Lindholm has been appointed Assistant Vice President-Operations and transferred to St. Louis, Missouri.

Since starting his telephone career as a Commercial Representative at Fort Worth in 1943 Mr. Acker has served as Manager at Wichita Falls, District Manager at Waco and Division Manager at Dallas.

Active in civic affairs in Dallas, served in the Army during World War II, rising from Private to Captain.

Included in his civic activities are directorships of the Dallas Chamber of Commerce, Dallas Community Chest, Better Business Bureau, Dallas Heart Association, The Dallas Mustang Club, Business Executive Research Committee and Dallas Junior Achievement. He is a member of the Dallas Club, Dallas Rotary Club and Masonic Lodge.

Mr. Acker is married and has two children, Cheryl and Ray Jr.

Pfs. Anderson Lands In Yokosuka, Japan

Mr. and Mrs. Bob Anderson, 213 Andrews Street, received a letter Monday from their son, Pfc. Earl R. Anderson of the Marine Corps, stating he had just landed at Yokosuka, Japan. Pfc. Anderson, who has been in the Marines for a year, spent a leave in November with his parents in McKinney. He has been in California training, sailing on January 6 this year, for Japan. He states that enroute to that country stops were made at Formosa and Okinawa.

Pfc. Anderson has two more years in the service.

James Kimbriel of Waco spent Monday night in McKinney with his mother, Mrs. Jim Kimbriel.

Search For "Mrs. America" Begins Here This Week

The search for Mrs. America 1958 — the number one homemaker in the United States — begins this week in the cities, towns hamlets and rural areas of Texas and the Nation. The winner could well be from McKinney or any town in Collin County.

As in the past years thousands of the nation's women's clubs and other local organizations such as Jaycees, Kiwanis, Lions and Rotary Clubs will sponsor entries. Sponsorship by an organization, however, is not required for participation in the contest. The Chamber of Commerce is sponsoring the local candidate.

The contest is open to any married woman, 21 years or over who is a citizen and permanent resident of the United States and has resided in the state for at least three consecuive months immediately prior to entering the contest. She cannot be an employee or member of the family of an employee of organizations associated in conducting the contest. She cannot be under contract with a business manager or agent.

Aspirants to the title may enter the contest by filling out and mailing the application form appearing in the January issue of Woman's Home Companion, now on maga zine stands. Official entry blanks will be mailed to applicants upon receipt of applications.

Homemakers may also obtain entry blanks at local Lone Star Gas Company offices and from most gas appliance dealers between January 20 and February 28. Entry blanks must be postmarked not later than February 28.

Regional eliminations will be held in Dallas, Fort Worth, Abilene, Waco, and Greenville during the first week of April. Regional winners will compete in the State finals, which will be held at Dallas' Statler Hilton Hotel Wednesday and Thursday, April 10-11.

The State winner — Mrs. Texas 1958 — will go with her husbad to Forte Lauderdale, Florida, in May to seek the Mrs. America 1958 title. At Forte Lauderdale she will compete with winners from 47 other states and the District of Columbia.

The list of prizes and awards to be won by Mrs. Texas 1958 and Mrs. America 1958 has not been completed at press time, but is expected to exceed the 1957 list. Mrs. America 1957 received more than $15,000 in prizes, plus a new deluxe 1956 De Soto Fireflyte sedan, fees for approximately 50 days of personal appearances in major cities over the nation at the rate of $100 per day, a two-week vacation for two at Ellinor Village Daytona Beach, Florida and an all-expense paid trip to Europe and the Belgian Congo via Sabena Belgain, World Airlines.

Complete contest rules appear on the official enry blanks.

Homemakers qualifying for the Regional, State and National finals will be judged on cooking, baking, sewing, laundering, ironing techniques, family meal planning and tabmle setting.

Besides ability in performing these tasks, the contestants will be judged on personal attractiveness, poise, personality, family life and contributions to their communities. Personal attractiveness will be judged on good grooming, tasteful dress and pleasant appearance, rather than beauty.

M'Kinney High Lions Win Over Greenville 85-49

(By NORMAN SCOTT)

Billy Don Mitchell and J. W. Stewart led Coach Rusty Talbot's McKinney High Lions to an impressive 85-49 victory over the Greenville High Lions in a District 6-AAA basketball tilt at Caldwell Gym Friday night.

Mitchell scored 38 points, 9 field goals and 20 free tosses, and Stewart connected on 8 shots from the field and 11 from the free throw line, for a total of 27, in a tremendous 1-2 punch demonstration that spelled defeat for the Hunt County quintet.

Mitchell sent 14 straight free throws through the nets in the second half and for the night, he made good on 20 of 25 attempts from the foul line. Four of his 9 field goals came in rapid succession at the start of the third quarter to put the locals out in front by a commanding margin after a half-time 32-26 lead by McKinney.

Stewart netted 5 field goals and 4 free throws in a fast moving first quarter that ended with the McKinney five holding a 23-13 lead.

In the second period Greenville pulled within 2 points of the Lions but Stewart, Mitchell and Don Jenkins retaliated with a flurry to give the locals their 6-point margin at intermission.

Mitchell took over early in the third quarter and continued his torrid pace until he left the game with about 2 minues left to play. He was given at great ovation by the crowd as he retired to the bench for the night. Mitchell picked up 29 of his 38-point total in his big second halt.

Stewart fouled out with only 31 seconds remaining in the game and he also received a big hand from the crowd.

Bob Byrd chipped in with 9 points and turned in a good floor game while diminutive Denny Horn added 6 points after being inserted into the lineup in the final quarter and he also looked impressive with his ball handling.

For Greeenville, who had to shoot from far out most of the night, John Roark led the way with 12 points, followed by Bill Hooten with 8.

Horn, Vic Petrika, and Dixon Mooney, with 21, 20 and 15 points respectively, paced McKinney, to a 66-55 win over the Greenville lads in the preliminary B-Team affair.

Emory Defeats Farmersville Cage Teams

Thrills were aplenty Tuesday night, January 29 at Farmersville Gym when the Farmers gave the undefeated Emory, Rains County Wildcats, the closest game of the season, ending 53 to 49 in favor of Emory. The game was tied six times and the Farmers were leading 24 to 22 at the half time.

Farmersville held a 14 to 10 lead at the end of the first quarter. Wayne May, John Stooksberry and C. Watson were outstanding for the Farmers while the sharp-shooting Wayne Clifton and Jack Fudge led the way 55 to 49 victory for Emory.

The win gave the Wildcats a record of 7 games won no losses in 14A conference play. The Farmers, though much improved, still are holding a record of no wins and six losses in conference play. Over the season the Farmers have won 9 games and lost 15. Emory has won 21 games and lost 3 for the entire season.

The second place Emory Fems had little trouble winning over the Farmerettes Tuesday night, 70 to 32. The Farmersville High band led by Charles Billinger director, furnished music for the packed house of enthusiastic fans.

The Cooper boys and girls won their conference game over Rockwall Tuesday night, at Rockwall. The boys won 92 to 33 and hold second spot in the conference.

Farmersville Cagers Win Over Honey Grove

In a 14A conference game the Farmersville Farmers broke over into the winners column by a 46 to 41 close tilt at Farmersville Gym Friday night, before a packed house.

Wayne May pushed the Farmersville victory, with 18 points. The team held Honey Grove 27 to 19 at the half.

The Honey Grove Warriors outscored the Farmers 12 to 5 in the third quarter to oll up a mere 32 to 31 farmer lead but the Farmers rallied in the final quarter to win the game.

In second quarter, after the Farmers fell behind 11 to 8 in the initial quarter, gained their victory with a 19 to 8 uprising as May scored 10 points. This gave the Farmers a 1 win 6 loss record in conference play. They have 10 wins and 16 losses over the season.

In the girls game the Honey Grove Fems won by a 67 to 33 score as Judy Garland scored 17 points for Farmersville.

Thursday night the Farmersville cagers went to Krum, Denton county for a return game with the Krum Bobcats where the latter won 47 to 28.

The Farmersville High band furnished music during the evening for the game Friday night.

Gainesville Wins Over M'Kinney Lions 58 To 54

By NORMAN SCOTT

Billy Latham, Sonny Gilmore and Bill Timberlake led the Gainesville High Leopards to a close 58-54 victory over Rusty Talbot's McKinney High Lions at Caldwell Gym Tuesday night in a District 6-AAA basketball skirmish.

Latham tallied 21 points in leading the Leopard scorers but Gilmore and Timberlake led a third-quarter Gainesville rally that enabled the Leopards to overcome a 26-23 McKinney lead at half time. Both lads ripped the nets with uncanny accuray from outside the circle to give the Gainesville five a 45-44 margin after three stanzas.

The Lions, led by Billy Don Mitchell, Bob Byrd, and Johnny Lindsey kept pace with the Leopards down the stretch and with 1:57 left in the tilt, the Leopards held a 55-54 margin and with only eight seconds remaining, Timberlake added a charity toss to make it 56-54.

Bobby Langley then added 2 additional free tosses to sew up the contest.

The final 4-point difference was the largest spread of the game as the teams battled all the way with a 1 or 3 point interchanging margin showing up on the scoreboard most of the night.

Mitchell took top scoring honors with 23 points on 8 field goals and 7 free tosses while Lindsey of the Lions and Latham and Timberlake of the Leopards all turned in impresive work under the backboards.

The Lions will close out the season Friday night when they journey to Sulphur Springs for their final district game.

In the preliminary B-team game, Dixon Mooney, with 23 points and Vic Petricka, with 12 paced McKinney to a 50-49 win over the Leopards.

Proctor Motor Company Is Burglarized

Burglars entered the Proctor Motor Company sometime Wednesday night, taking $40 in cash from the office safe. The building was entered by breaking open a North window, W. G. (Bill) Proctor, owner, reports nothing else missing.

Chief Euel Ford of the City Police Department, is investigating the robbery.

He also reports one arrest Wednesday night for drunkenness and one man picked up for investigation. Both were held in the City jail overnight.

Deputy Fred Barnes of the Sheriff's Department reports twelve prisoners in the county jail Thursday morning.

Deputies Jim Standerfer and Robert Ramsey picked up a man in Plano for non-payment of an old fine.

A wrecked car was found on Highway 121 shortly after midnight by Deputies Vaughn and Mahan. No one was at the scene of the accident, which occurred a quarter mile West of the detour on Highway 121.

Sheriff Floyd Williams went to Dallas Thursday after a prisoner wanted here on charges of theft over $50.

Valuable Prizes Are Offered Winner "Mrs. America" Contest

Winners in the "Mrs. America 1958" contest—regional, state and national—will receive prizes ranging from a $25 United States Savings Bond to a new 1957 four-door automobile.

The contest is open to housewives 21 years of age or older who qualify under the rules governing the competition. Official entry blanks are available at Lone Star Gas Company offices and from most gas appliance dealers. Deadline for entering the contest is midnight on February 28.

Regional eliminations for contestants served by Lone Star will be held in Dallas, Fort Worth, Abilene, Waco and Greenville during the first week in April. Regional winners will compete in state finals in Dallas at the Statler Hilton Hotel, April 10-11. Candidates will not have to model bathing suits in the contest.

Each regional winner will be awarded a top-of-the-line deluxe gas range and the five runners-up will receive a $25 United States Savings Bond. The contestant selected as "Mrs. Texas 1958" will receive more than $500 in prizes from national sponsors and she and her husband will be given an expense paid trip to Fort Lauderdale, Florida, in May where she will compete with winners from 47 other states and the District of Columbia for the "Mrs. America 1958" crown. With it goes the mythical title of the "Nation's No. 1 Homemaker."

Winner of the "Mrs. America" title will receive approximately two dozen prizes, including a complete kitchen and laundry equipped with cabinets, sink, dishwasher and modern gas range, refrigerator, water heater and clothes dryer. Other prizes are a new 1957 De Soto Fireflite four-door sedan, two extra weeks at the new Beach Club Hotel at Fort Lauderdale, Florida for herself, her family, with all expenses paid; a complete ironing set with table, iron; a travel wardrobe valued at $500; a 118-piece set of sterling silver flatware in a solid mahogany drawer chest; a $1,000 oil portrait of "Mrs. America" done by Paul Orthip, distinguished portrait artist; a year's supply of meat products, and an automatic sewing machine. The new "Mrs. America," during her year's reign, will make personal appearances in many U.S. cities, for which she will be paid $100 per day plus expenses.

The McKinney Chamber of Commerce will sponsor a candidate in the contest. McKinney and Collin County have many talented women and the title could well come to this county.

Mrs. Ramsey Harris and daughter, Kathi and Mrs. C. C. Harris attended the wedding to Lieut Chas. Graves and Miss Sally McEver in Ennis Sunday. Miss Kathi Harris was soloist for the wedding. While in Ennis they also visited Rev. and Mrs. Robert G. Brannon Jr., Mrs. Brannon being remembered as the former Miss Margaret Cowan of McKinney.

Walter Clarkson of Levelland was a recent visitor of Mr. and Mrs. G. W. Moreland at Altoga.

Coffee Day Yields $345 For March Of Dimes

O. Ed Smith, Jr., 1957 Campaign Chairman for the March of Dimes, in Collin County, announced today that the Coffee Day held on Wednesday, January 30, was a highly successful part of this year's campaign. A total of $345.65 was taken into the Iron Lung containers by the 25 coffee bars that participated in Coffee Day, making it one of the most successful of these Days in recent years. The merchants who joined in the project were extremely cooperative and went out of their way during the busy lunch hour to remind their customers of the purpose of coffee sales for the day. Without this help from the owners of the restaurants and drive-ins, the collections would have been much smaller at the end of the Day. Full credit for the success of the Coffee Day project goes to the merchants and generous coffee buyers who so completely entered into the spirit of the fight against polio.

Mr. Smith wishes to thank Mr. Rufus Vandygriff, whose Vel-Mar Root Beer stand was closed for the winter, who felt that since his place of business was closed he should contribute his time to the Coffee Day. His assistance in calling on the various merchants before and after Coffee Day was a big help to the campaign chairman. Woolworth's was contacted too late for approval to be secured for participation of its lunch counter, but a generous contribution was made by the management. The McKinney Police Department was very helpful in keeping watch over the collections of the campaign money and there was no repetition of the vandalism which occurred earlier at the Continental Bus Station. A vote of thanks is due to the Police for their assistance.

Mr. Smith again wishes to thank these merchants whose efforts made the Coffee Day a big success:

Joe and Freda's Cafe, North Side Drug Co., Smith Drug Co., Dutton's Cafe, Town House, Johnny's Cafe, Commercial Hotel Coffee Shop, Martin's Cafe, Haney's Cafe, C&M Steak House, Wood's Cafe, Ed Coffey's Cafe, Continental Bus Station Coffee Shop, Smith's Charcoal Grill, Crowder's Eat Spot, Steffey's Jiffy Dog, Self's Cafe, McKinney Drug Co., Midway Cafe, Ledbetter's Drive-In, Ed's Drive-In, Rainwater's Hamburger Stand, Dairy Maid, Dairy Mart and Sabre-Jet Drive-In.

Mrs. J. W. Sullivan, who has been confined to her home, 604 Josephine Street, the past ten months, is able to be up some of the time now. It will be remembered that Mrs. Sullivan suffered a broken hip. Her friends are happy to learn of her improvement.

Larry Belew has been confined to his home with the mumps for the past two weeks. He is the son of Mr. and Mrs. Melvin Belew, and is a student in the 5th grade at West Ward school.

City Appoints Members To Hospital Board

Five new members were appointed to the Board of Governors of the City-County Hospital at the regular meeting of the City Commission held Wednesday afternoon at the City Hall. Mayor W. R. West, presiding, reports one other appointment is yet to be made.

The new Board includes John Nelson, Laud Howell, Lloyd Watson, Tommy Benningfield and Jim Caldwell. J. A. Dyer is the hold-over.

Members whose terms expire February 1, or who have resigned, are: J. L. Comegys, Erwin Kissinger, J. E. Abernathy, Paul Hardin, Wilbur Thompson, and H. L. Shoap. Hardin resigned to accept a place on the board of the new County Hospital.

Members appointed by the County Commissioners were announced earlier this week by Judge W. E. Button.

Red Cross Volunteers Have Meeting

A Red Cross meeting for volunteer workers from Collin-Denton-Hunt and Grayson counties, was held Friday afternoon in the community room of the Collin County National Bank. Mrs. Roy Phillips, of Farmersville, called the meeting to order and Rev. Baldwin Stribling gave the opening prayer.

Mrs. Phillips introduced Rev. Stribling, who is a member of the Red Cross Board of Directors, as speaker, his topic of discussion being based on "How Valuable is the Volunteer?"

He said that "it takes people, thousands of people, to make the Red Cross. If it were not for the wonderful people who give of their money and time, it would be impossible for the Red Cross to meet the vast demands in various emergencies." He closed his remarks with a poem entitled "Public Relation."

Mrs. Bob Williams, executive secretary for the Collin County Red Cross, introduced Mrs. H. L. Shoap, who is the VA Hospital Volunteer Representative, in McKinney, and Mrs. Roy Phillips, the alternate. Mrs. Williams expressed thanks to these volunteers who are doing a wonderful job. They represent Red Cross in our local VA Hospital.

A brief refresher course was held at which time reports were given by different volunteer chairmen. Mrs. Julius Purnell reported 10,363 hours were given in 1956 by volunteers. She reported that a wonderful job was being done by Red Cross volunteers and that there is a ned for more volunteers in the different services.

Before the meeting adjourned there was an open discussion.

Refreshments of coffee and cake were served from the coffee bar.

MRS. A. N. HELSLEY,
Red Cross Volunteer Publicity Chairman.

Greer Dowell of Dallas spent Sunday with his mother, Mrs. J. McDowell. Also luncheon guests of Mrs. Dowell were Mr. and Mrs. Neville Talkington.

L.t Col.G.L. DeArmond And Family Leave Thursday For Iran

Mr. and Mrs. Graves DeArmond of this city talked with their son, Lt. Col. G. L. DeArmond, at Fort Sill, Lawton, Okla. over the telephone Wednesday night. Lt. Col. DeArmond and family left Thursday by plane for Iran where he will be on a military mission for the next two and a half years.

Lt. Col. DeArmond, has been stationed at Fort Sill since the summer of 1954 and prior to that spent three and a half years in Germany on assignment for the Army. He and his wife and son, Dee Leverett will go to Iran by way of New York.

The elder son, Charles, 17 years old, is remaining in Lawton to complete this term of school after which he will join his parents and brother in Iran, next summer.

New Cotton Planters Ask For Allotment Before February 21

Cotton producers who do not have a Cotton Acreage Allotment under the 1957 Acreage Allotment Program and are eligible, may file a request for a New Grower Cotton Allotment by February 21, 1957, advises P. L. Barksdale, office manager, Collin County A. S. C.

To be considered for eligibility the application must be filed by the final date, Feb. 21, 1957. The operator shall be largely dependent on income from the farm for his livlihood and the farm shall be the only farm in the county which is owned or operated by the farm operator or farm owner for which a cotton allotment is established for 1957.

Mrs. Martha Smith of Harlingen spent the week-end here with her son-in-law and daughter, Mr. and Mrs. K. B. Slavin. On Saturday and Sunday they visited their friends, Mr. and Mrs. Kenndey and K. B.'s parents, Mr. and Mrs. S. G. Miears in Dallas, and also attended church services in that city.

Foundation's New Corn Hybrid Meets Agricultural Demands

A spanking new white corn hybrid fresh from Texas Research Foundation's plant-greeding nursery at Renner has just played a dramatic role in meeting three of the state's more immediate agricultural demands.

The new corn, TRF 9, frequently averaged more than 50 bushels per acre in 150 field tests by vocational agriculture students and farmers in 19 Northeastern Texas counties during 1956, one of the most vicious drouth-ridden years in Texas history, Huey Whitehurst, Administrative assistant to the Foundation's Director, said.

"That performance met the first demand, a demand for crops that are dependable producers under the severe drouth conditions which have become the rule, rather than the exeception in Texas climate."

TRF 9 went straight from the plant - breeding plots at Renner into field production. More than 100 bushels moved through commercial channels, in addition to the 1,500 pounds earmarked by the Foundation for the Northeast Texas tests.

"The new hybrid, therefore was instrumental in meeting a second demand: That the usual three or four years delay between anouncement of a new and adapted strain and actual field production be shortened" Mr. Whitehurst continued.

"The Foundation's extensive corn breeding program, combined with heavy seed production, enabled the Foundation to eliminate the usual delay in the time required by certified growers to produce seed in commercial quantities."

The third agricultural demand met by the TRF 9 tests is for the training for youthful farm leaders through direct cooperation with research scientists.

"The Foundation accomplished this by working directly with the Texas Education Agency's Future Farmers and teachers in the Northeast Texas Area VI, which is under the supervision of Ira Black of Sulphur Springs" Mr. Whitehurst said.

During the 1956 school vacation agriculture teachers in Area VI spent the day on two different occasions at Texas Research Foundadation in studying field requirements of the new hybrid.

In commenting on TRF 9's production in his area, Mr. Black said that in all tests the new hybrid yielded ten or more bushels of acre above the yield of other hybrids. In some instances, TRF 9 actually doubled the yield of other hybrids.

Dr. J. R. Best Opens Dental Office At Farmersville Home

Dr. J. R. Best, practicing dentist at Farmersville for nearly forty years, has just recently opened new offices at his home, 204 Rike Street, that city. Dr. Best took a leave from his office for the past several months during which time, Dr. Larry Glass continued his practice.

LETTERS FROM . . .

THE PEOPLE

To The Daily Courier-Gazette:

Now that the campaign for the March of Dimes is about over, I am wondering if it is not a good time for every individual and family to sit down and ask themselves the question, is not there something that I or we can do to help ourselves in the fight against the dread diseases of which the worst are polio, lukemia, miningitis and sleeping sickness not to mention the lesser ones. Lukemia is far more the worst one mentioned and the expense of its treatment is comparable with that of polio, and there is yet no known cure or preventative, and I am sorry to say that there is very little publicity given regarding it. Answering the question above, I will say yes there is something every one can do to help save the March of Dimes money so it can be used for farther research towards perfecting more cures and vaccines against the dread diseases. Everyone can take the Salk vaccine shots, which makes nine out of ten immune from polio with practically no crippling after effects.

They can also take out Dread Disease policies which will cover the cost of treatment of any one of ten to fifteen different diseases, for as much as ten and fifteen thousand dollars on each member of the family and this for only twelve dollars per year which is too cheap for anyone to be without it. Why not everyone try to help themselves, and save the fund for medical research, and perfection of vaccines.

JEFF SMITH.
McKinney, Texas.

Tom Wise of Fannin County is a patient in the City-County Hospital suffering from injuries sustained in an accident near Farmersville Monday. Mr. Wise was reported to be resting nicely Tuesday.

Police Report Only Routine Activities

Activity in the city and county police departments over Thursday night were mostly routine according to officers. Chief Fuel Ford reports two persons in the city jail on charges of drunkenness.

Deputy Jim Standerfer of the Sheriff's department states that 18 prisoners were in the county jail. Most of Thursday night's activity was patrol work by the deputies.

Collin Veterans And Dependents Collect $434,240 In 1956

Frank Davis, Veterans Service Officer of Collin County, is in receipt of a letter from Charles L. Morris, executive director, at Austin, concerning the benefits paid veterans and their dependents in Collin County last year.

The letter is of interest to all citizens, as follows:

In compiling our annual report, our attention has been brought to the amount of money paid to veterans and their dependents in your county the past year.

It is interesting to note that from January 1, 1956 through December 31, 1956, a total of $494,240.85, was paid to veterans and their dependents in Collin County.

Please bear in mind that this amount of money only represents the cases where the American Legion or the Veterans Affairs Commission held power of attorney. We do not receive the award sheets on cases that were handled through the Veterans of Foreign Wars, American Red Cross and the Disabled American Veterans.

It is only through the interest and cooperation as evidenced by you that we can carry on a successful veterans program in Texas. It is with this thought in mind that I pay tribute to you for devoting your continuous and untiring efforts to service to veterans and their dependents.

It has been a pleasure to work with you this past year and we are looking forward to our continued association with you during the years to come.

Sincerely yours,
CHARLES L. MORRIS
Executive Director

Several Jobs Now Available Through Employment Office

The job opportunities on the local level are off due to several reasons, however there are certain occupations where there is a real scarsity and a need for qualified people. The local office of the Texas Employment Commission states there is always openings for qualified Stenographers and clerk typist, registered nurses and operating room nurses, shop trained automobile mechanics, experienced and qualified sewing machine operators. The local office also carries highly skilled jobs from other cities throughout Texas.

The services of the Texas Employment Commission are without charge to both the applicant and the employer and they are requested to contact the local office for this service.

Tooth Development Important In Child's Dental Health

(This is the fifth in a series of six articles on dental health being presented by The Daily Courier-Gazette in cooperation with the 4th Dist. Dental Auxiliary in observance of National Children's Dental Health Week, Feb. 3-9.

The youugsters' first teeth are just as important as his permanent teeth.

The care given the so-called baby teeth can often mean the difference between life-long dental health and a need for artificial denture in your adulthood.

The tooth buds for the child's first teeth begin to form about the sixth week of prenatal life. Calcification begins about the 16th week, and by birth a large part of the crowns of the teeth is already formed.

The first teeth start to appear when the infant is about seven and one-half months old and they continue to come in until the child is about two.

When he is about six years old, the baby teeth begin to be shed normally and the process goes on until he is about 12.

The early loss of these first teeth through decay or any other reason can have serious effects because it can result in crowding and severe disarrangement of the second teeth.

One of the chief functions of the first teeth is to maintain space for the eruption of the permanent teeth into the right place. When a baby tooth is lost too soon, the adjacent teeth tend to shift and fill the space, causing the new teeth to come in badly out of position.

There are other reasons why sound and healthy first teeth are important. They are necessary for proper mastication of food. They help to make a child speak clearly. And they give graceful form and symmetry to the face.

The first permanent teeth to appear are the so-called six-year molars which come in when the child is about six years old. They erupt at about the same time that the youngster is losing his front baby teeth.

There are four of these six-year molars and each is the sixth tooth back from the center of the mouth. The position of those molars helps to determine bothe the position of the other teeth and he shape of the lower part of the face.

The loss of the six-year molar is a serious matter and, unfortunately, it is this tooth that is most frequently lost, mostly because of decay and neglect.

Obsequies For Mrs. Lucy Crawford Are Held Wednesday

Funeral services were held at 2 p. m. Wednesday in the Crouch-Moore Funeral Home for Mrs. Lucy Cannon Crawford, who passed away in the City-County Hospital Monday after three months illness. She was born February 23, 1873, in Fannin County, but had lived in Collin Couuty for years. She was married to L. W. Crawford October 15, 1895.

New Cotton Growers May File For 1957 Allotments

An owner or operator of a farm for which a cotton acreage allotment has not been established for 1957 may file an application for such a cotton allotment under certain conditions, advises P. L. Barksdale, Office Manager, Collin County ASC.

All much applications will receive careful consideration, but to be eligible for the allotment, the owner or operator in such a case must meet the following conditions:

"He must depend upon his farm operations for a livelihood, he must not have any other farm which already has a cotton allotment, and he must not have on file in the County ASC Office a similar application for a cotton allotment on any other farm in the county which he owns or operates."

Application for such "NEW" cotton acreage allotments must be filed in the County ASC Office, 123 S. Tenn. St., McKinney, Texas not later than February 21, 1957.

Under the 1957 cotton marketing quota program, approved by growers in a national referedum last December, all cotton farmers are subject to the quotas, which operate through acreage allotments. Farmers who comply with their cotton allotments may market free all the cotton they grow. Cotton grown by farmers who do not comply with their allotments will be subject to a penalty on each pound of the "excess" cotton.

1957 Acreage Reserve Payments Explained To Cotton Farmers

Payments under the 1957 Acreage Reserve program for Cotton are made to farmers for reducing their acreage of the particular crop below the farm allotment. Mr. Clarence R. Hillis, Chairman of the Agricultural Stabilization and Conservation Committee for Collin County, said today. The payments will be divided amnong landlords, tenants, and sharecroppers according to (1) the contributions each makes to the production of the crop which would have been produced on the diverted acreage and (2) the basis on which they would have shared in such crop or its proceeds.

The amount of the payment, the Chairman explained, will be figured on an individual farm per-acre rate, based on the average county dollars and cents rate of $34.00 per acre. Farm rate per acre will vary, up or down from the county rate, in accodince with the poductivity of the land and the farming methods used.

Chairman Hillis declared that farmers taking part in the Soil Bank's 1957 Acreage Reserve program for cotton must reduce their acreage of the crop below the farm allotment, and they must also comply with any other crop allotment established for their farms. The Chairman emphasized, however, that taking part in the Acreage Reserve program will not affect the establishment of future allotments for the farm.

Producers have until March 1st, 1957 to sign agreements to participate in the 1957 Cotton Acreage Reserve program. The agreements may be signed at the County office located at 123 South Tennessee, McKinney, Texas.

At the time the agreement is signed, the farmer may put up to the maximum number of acres in the program, but in no case may this maximum exceed the acreage allotment. The maximum of cotton is 30 per cent of the allotment or 10 acres whichever is the larger. Should the farmer wish to put a larger acreage in the progam, he should indicate this at the time the original agreement is signed and the additional acres will be accepted if the necessary funds are available after the program sign-up is closed.

Dem Drought Relief Slated For Passage

WASHINGTON (UP)—A Democratic drought relief program was slated for House passage today after a 36 hour delay caused by intervention of Secretary of Agriculture Ezra T. Benson.

The multi - million dollar program calls for federal rental of millions of acres of parched pasture - land in the Great Plains states so that they will not be permanently ruined by livestock grazing.

House GOP Leader Joseph W. Martin Jr., Mass., said Republicans would vote for the measure, although Benson wanted House action delayed until the Administration presents is recommendations on drought aid.

Democrats postponed a scheduled house vote on the bill Monday after Benson asked Martin to try to block its passage then. The bill had been scheduled for action under a procedure requiring a 21 vote for passage.

Democrats arranged Tuesday for House rules committee clearance so that the bill would require only a majority vote for passage today.

Mine Inspectors Seek Cause Of Soft Coal Blast

BISHOP Va. (UP). — Seventeen state and federal mine inspectors returned to the Pacahontas Fuel Company's vast soft coal mine today to seek the cause of an explosion which killed 37 miners two days ago.

William A. Fullerton, special assistant to the president of Pocahontas, said the inspection team found no clues in a fivehour survey of Tuesday. The inspectors will open a hearing today, he said.

The inspection team also planned to interview some of the 140 men who escaped to safety through a railroad tunnel when the blast wrecked the elevator shaft where the victims were working, he said.

The inspectors, accompanied by fire boses, have already checked tunnels not involved in the explosion and approved resumption of mine operations, probably later today, he said.

'Pressure Groups' Are Blamed For U. S. Spending

WASHINGTON (UP). — Former President Herbert Hoover blamed "pressure groups" for the majority of unnecessary and wasteful expenditures by the federal government.

"There are probably more than a thousand of these pressure groups, working day and night, to get what they call 'theirs'," said Mr. Hoover in an address before the third national reorganization conference.

"So far as I know there is not a name among the registered lobbyists whose purpose is to decreases public expenditures," he said.

• • •

Lid On Spending

Mr. Hoover warned that unless a lid is placed on government spending and inflation is curbed "old man economic law will return with a full equipment of hair curlers." The phrase echoed Secretary of the Treasury George Humphrey's recent statement that unless spending is limited the United States is headed for a "depression that will curl your hair."

Mr. Hoover said that many of the lobbyists are listed on the federal register as required by law.

"Others of them operate strenuously on senators and congressmen and the public in the field," he said.

• • •

Pressure Groups

"I suggest to you the American people that each of you examine yourself as to whether you belong to any pressure group asking for federal spending," he said. "If you value your own safety and future peace of mind, just resign from it — and do it loudly."

Mr. Hoover said that despite the activities of pressure groups, progress is being made on the government economy recommendations proposed by the Hoover Commission. He said he had no fear of a serious depression—if inflation can be stopped.

"The obvious sign of inflation is the advance of prices, wages, and the cost of living, he said.

Matinee Idol Of Hungary Is In Our Midst

By GAY PAULEY
United Press Staff Correspondent

NEW YORK (UP). — A new matinee idol is in our midst.

He came to town with the appropriate amount of publicity . . . for he and his family were among the thousand of refugees welcomed to the United States after the revolts last October in Hungary.

Since his arrival, however, Sandor Szabo has been living in such obscurity you would hardly suspect that he is — or was — Hungary's leading actor.

Szabor, his actress wife, Kato, and their two sons — Berne, 15, and Balags, 13 fled to Vienna in mid November, and were among the refugees brought to Camp Kilmer, N. J. Dec. 8.

• • •

Had to Leave.

"It was necessary that we leave" said Szabo, through an interpreter. "I had a part in the revolution . . . I was on the Russian blacklist."

Now, he and his family will become U. S. citizens. And the actor will hurry his English studies.

"Not very many roles in Hungarian here" laughed the actor who is a ruggedly handsome man of 40. Szabo said he had played both romantic and character roles in Budapest, but perhaps is best known there for his interpretation of Cyrano.

• • •

Live at YWA.

Like most of the other refugees, Szabor and his family came to America without funds and with only the clothes they wore. And, like most of the others, they are finding Americans warm and generous. The boys already are enrolled in a Friends' school in Providence, R. I., and the Szabos have free room and board at the City of New York YWCA, which has provided 50 rooms for refugees.

And, the Szabos are studying English free — at the American National Theatre and Academy ANTA.

In a few days, they will move to a small apartment, paid for by a Rockefeller scholarship, which also will help the couple with food and clothing bills.

British Televises Birth Of Baby; Horror Comic?

By JOHN W. PARRY
United Press Staff Correspondent

LONDON (UP). — The British Broadcasting Corp. televised the birth of a baby.

Most viewers agreed it was done with remarkable tact, but the dissenting tabloid Daily Sketch quoted a "faher of two" today as saying BBC was turning television "into an ultra-sensational horror comic."

The BBC said early today it had only six telephone calls from the millions who watched the program around their firesides after most children were asleep. Four calls disapproved, two approved.

• • •

Doctors Voice Protests.

The birth of the baby came as part of a program in which "natural birth" expert Grantly Dick Read defended his system whereby the mother helps guide the baby into the world — a system opposed by London doctors.

One of the doctors present said after the film "I wouldn't like any patient of mine groping around trying to help her baby out." The doctors were not identified in line with British Medical Association policy.

The film showed the mother on her back, her knees up, the baby already half born. One of the two doctors guided the mother's hands and handed her the newborn babe as a smile of bliss spread over her face.

Mother Was Anonymous.

The mother was an unidentified South African who volunteered when the film was made in Johnannesburg last year. She agreed to its being shown anywhere in the world except South Africa.

The Daily Sketch was the only newspaper to protest. It carried a headline "Revolting — By A Father of Two" over a story by Alan Gardner.

"Revolting! Beyond the pale! I condemn the BBC for the worst lapse of taste ever," Gardner was quoted.

"They showed us a baby being born in all its stark, primitive detail. All right. We were adult. So the children were in bed when the program was on.

"But there are some things which should never be shown on television and this was one of them. It sickened me. It sickened my wife.

"I did not see my child born. I didn't want to — though I respect the motives of those men who do.

"But to blazon the moments of childbirth on television screens is to turn television into an ultrasensational horror comic."

Miss Cundiff, Mr. White To Be Married

BARBARA ANN CUNDIFF

Mr. and Mrs. R. J. McClure of Allen announce the engagement and approaching marriage of their niece Miss Barbara Ann Cundiff, to Jerry M. White of Dallas. The wedding will take place April 19 at 8 p.m. in the First Christian Church, at Allen.

The bridegroom-to-be is the son of Mrs. M. A. White of Dallas and S. H. White of New Orleans.

Miss Cundiff, a mid-term graduate of NTSC, Denton, will teach in the Dallas public schools this Spring. Mr. White is a senior in NTSC and expects to graduate in June.

Stevens-Neal Rehearsal Dinner Held

Mr. and Mrs. Cecil Stevens were hosts for the rehearsal dinner for the Stevens-Neal wedding party Thursday evening at 6:30 o'clock at the Town House.

The guests were seated at the T-shaped table where a delightful dinner was served. White stock formed the floral arrangement for the table, and during the evening Miss Neal and Mr. Stevens presented gifts to their attendants. Lacy white picture frames were given to the girls while the men received leather stud boxes.

Present for the dinner were the honorees Miss Margaret Neal and George Thomas Stevens, Mr. and Mrs. R. E. Neal, Miss Janel Woodward, Miss Lynn Kindle, Rev. and Mrs. Richard Deats, Tommy Kissinger, James Cooper, Mr. and Mrs. Jackie Woods, Mr. and Mrs. Doyle Odom, J. V. Fagg Jr., Ernie Kennedy, Miss Nedie Holbrook, and the hosts.

Couple To Make Home In Frisco

Mr. and Mrs. William Eugene Butler are residing in Frisco following their marriage recently at the home of Mr. and Mrs. R. E. Cole, parents of the bride, in Frisco. Mrs. Butler is the former Jo Lynn Cole. The bridegroom is the son of Mr. and Mrs. D. L. Butler of this city.

Rev. Kenneth Thomas of Dallas officiated at the double ring ceremony. Large baskets of white gladioli and seven tier candelabra formed a seting for the occasion.

Miss Catherine Powell of Dallas was the bride's maid of honor and Tommy George of Frisco served the groom as best man.

The bride wore a pink wool suit with pink hat and navy accessories.

At the reception following the wedding the serving table was laid with an imported cut-work cloth centered with a miniature bride and groom where the three tiered wedding cake and punch were served to immediate members of the families and a few close friends.

Mrs. Virgil Stewart visited Mrs. Jimmy Joslin recently.

MARRIED IN CHURCH RITES

MRS. GEORGE TH OMAS STEVENS

Miss Margaret Rebecca Neal, daughter of Mr. and Mrs. Raymond Edwin Neal, 1210 West Tucker Street, McKinney, became the bride of George Thomas Stevens, Friday night, February 1 at 8 o'clock at the Central Presbyterian Church, Rev. Richard Deats, of Big Spring, officiated with the impressive double-ring ceremony.

The bridegroom is the son of Mr. and Mrs. Cecil Stevens, 1611 North Waddill Street, McKinney.

The altar of the church was beautifully decorated in two large baskets filled with white mums and white stock, used on either side of the wrought iron arch. Wrought iron candlelabra with white candles, flanked the greenery embanked back of the archway.

Mrs. Richard Deats of Big Spring, organist present the prenuptial music, and accompanied Miss Nedie Holbrook of Dayton, who sang "Because" and "The Lord's Prayer." Mrs. Deats also played the traditional wedding marches.

Given in marriage by her father, the bride was lovely in a formal wedding gown of imported lace over candlelight satin, which was demi-length. The bodice was designed with round neckline which was outlined in lace re-embroidered with seed pearls. The long sleeves came to petal points over her hands, and her fingertip veil of imported silk illusion fell in tiers from a crown of pearlized flowers and tulle leaves. Her only jewelry was an add-a-pearl necklace which was a gift from the groom. She carried a bouquet of white butterfly orchids.

Miss Janet Woodward of Alva, Okla., was maid of honor while Miss Lynn Kindle of Dickinson, was bridesmaid. Both wore demi-length dresses of Emerald green taffeta with matching velvet hats. The dresses were fashioned with portrait necklines and short sleeves, and were worn with 16-button length white kid gloves. The princess bodice effect was defined with bows on the sides of the moulded hipline, with full skirts.

Their tiny pill-box hats were accented with circular veils, studded in rhinestones.

Tommy Kissinger of Lubbock was best man. Groomsmen and ushers were James Cooper of Streetman, Doyle Odom, J. V. Fagg Jr., Jackie Woods, all of McKinney and Ernie Kennedy of Dallas.

Following the ceremony a reception was held in the home of Mr. and Mrs. Jack Bolton on Tucker Street. White mums, stock and gladioli decorated the house. The dining table was covered in white organdy, and centered with candles and chrysanthemums in a crystal container. The tiered cake and silver coffee service were used at either end of the table. The cloth was edged in ruffles the skirt of which extended to the floor.

Members of the houseparty included Mrs. Jackie Woods, Miss Barbara Cundiff, Miss Patricia LaRoe, Miss Mary Lee Powell, Miss Mary June Speck, Mrs. Kenneth Long, Mrs. Bolton, Mrs. Pat Clark and Mrs. Frank W. Smith.

The bride is a January graduate of Southern Methodist University while the groom attended A&M and is now employed with State Farm Insurance Company in Dallas. Mr. and Mrs. Stevens will reside in Dallas at 4012 Wycliff, following a short wedding trip. For traveling, Mrs. Stevens wore a black and white tweed suit piped in black satin with which she wore black patent accessories and a red straw hat with an orchid corsage.

For her daughter's wedding Mrs. Neal wore beige satin, covered with brown lace and an orchid corsage.

The bridegroom's mother was dressed in navy lace and wore an orchid.

Wedding Of Celina Couple Is Announced

Mr. and Mrs. W. R. Baldridge of Celina have announced the marriage of their daughter, Carol, to Robert Lee King son of Mrs. T. P. King of Frisco and the late Mr. King.

The ceremony was read November 10 by the Rev. Milton Green, pastor of the Junius Heights Baptist Church, Dallas. Attendants of the couple were Mr. and Mrs. Tracy D. King, Frisco; Miss Sarah Kerr, Celina, and Mr. and Mrs. Jake Mills, Eldorado, Kansas.

The bride and groom are graduates of Celina High School. They will make their home a short distance west of Celina, where Mr. King is engaged in farming.

Mrs. Frank W. Smith has gone to New Braunfels to visit her son, Frank W. Smith Jr., and family.

Mrs. Nora Bomar has returned from a visit with relatives in Nacogdoches and Houston.
